**Period for Reply**

A SHORTENED STATUTORY PERIOD FOR REPLY IS SET TO EXPIRE 3 MONTH(S) OR THIRTY (30) DAYS, WHICHEVER IS LONGER, FROM THE MAILING DATE OF THIS COMMUNICATION.

- Extensions of time may be available under the provisions of 37 CFR 1.136(a). In no event, however, may a reply be timely filed after SIX (6) MONTHS from the mailing date of this communication.
- If NO period for reply is specified above, the maximum statutory period will apply and will expire SIX (6) MONTHS from the mailing date of this communication.
- Failure to reply within the set or extended period for reply will, by statute, cause the application to become ABANDONED (35 U.S.C. § 133). Any reply received by the Office later than three months after the mailing date of this communication, even if timely filed, may reduce any earned patent term adjustment. See 37 CFR 1.704(b).

## **DETAILED ACTION**

### ***Continued Examination Under 37 CFR 1.114***

A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 12/04/2006 has been entered.

### ***Specification***

The title of the invention is not descriptive. A new title is required that is clearly indicative of the invention to which the claims are directed, a semiconductor device.

### ***Claim Rejections - 35 USC § 112***

The following is a quotation of the first paragraph of 35 U.S.C. 112:

The specification shall contain a written description of the invention, and of the manner and process of making and using it, in such full, clear, concise, and exact terms as to enable any person skilled in the art to which it pertains, or with which it is most nearly connected, to make and use the same and shall set forth the best mode contemplated by the inventor of carrying out his invention.

Claims 56, 57, 60 and 61 are rejected under 35 U.S.C. 112, first paragraph, as failing to comply with the written description requirement. The claim(s) contains subject matter which was not described in the specification in such a way as to reasonably convey to one skilled in the relevant art that the inventor(s), at the time the application was filed, had possession of the claimed invention.

The recitation of the second silicon oxide film (131) substantially provided only in an area covered by the single-crystal silicon thin film (135) in claims 56 and 60 sets

forth a structure not supported by the original disclosure as filed. Applicant is requested to point out exactly wherein the application that discloses the features as claimed in claims 56 and 60. In fact, Figs. 1h and 8 show the second silicon oxide film (131) being provided in an area covered by the single-crystal silicon thin film (135) but also in an area not covered by the single-crystal silicon thin film (135).

The recitation of an area of the insulating substrate (110) covered by the single crystal silicon thin film (135) being essentially the same as an area of the insulating substrate (110) covered by the second silicon oxide film (131) in claims 57 and 61 sets forth a structure not supported by the original disclosure as filed. It is noted that the second silicon oxide film (131) occupies an area wider than an area of the single-crystal silicon thin film (135) as shown in Figs. 1h and 8. Therefore, the area of the insulating substrate (110) covered by the single crystal silicon thin film (135) being smaller than an area of the insulating substrate (110) covered by the second silicon oxide film (131). Applicant is requested to point out exactly wherein the application that teaches the features as claimed in claims 57 and 61.

***Allowable Subject Matter***

Claims 1, 3-15, 51-55, 58-59, 62 and 63 are allowed.

***Conclusion***

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Thien F. Tran whose telephone number is (571) 272-1665. The examiner can normally be reached on 8:30AM - 5:00PM Monday through Friday.
